**Report on Educational Tour and Training  
Prayagraj Kumbh Mela, Uttar Pradesh (2024-2025)**

An educational tour and training program was organized for the students of Nehru Government Sanskrit College Phagli to visit the sacred and culturally significant Prayagraj Kumbh Mela held in Prayagraj, Uttar Pradesh in January 2025. The main objective of this visit was to provide students with practical knowledge about Indian culture, religious traditions, and the management of one of the world's largest spiritual gatherings.

A group of students accompanied by faculty members travelled from the college to Prayagraj. During the visit, the students observed the religious rituals performed at the holy confluence of the rivers Ganga, Yamuna, and the mythical Saraswati. They witnessed devotees from different parts of India and abroad participating in the sacred bathing ritual, which is considered spiritually significant.

The students also attended orientation sessions and interacted with volunteers and officials involved in organizing the Kumbh Mela. Through these interactions, they gained valuable insights into crowd management, sanitation systems, security arrangements, and the overall administration required to manage such a massive event.

The tour provided an excellent opportunity for students to understand the cultural, historical, and spiritual importance of the Kumbh Mela. They also observed various religious discourses, cultural programs, and exhibitions related to Indian heritage and traditions.

Overall, the educational tour was highly informative and enriching. It helped students develop a deeper understanding of India's spiritual heritage and the practical aspects of organizing large-scale religious events. The students expressed their gratitude to the college administration and faculty members for organizing such a meaningful and educational experience.

Government Nehru Sanskrit College Phagli is committed for the holistic and all-round development of its students by making them academically excellent, professionally skilled, mentally strong and socially responsible citizens. The vision of the college is to develop the personality of every student in a holistic way, thereby making them responsible, thoughtful and mature citizens of the country. We firmly believe that education is spiritual in nature and pursuit of excellence stands on the foundation of spirituality. Spirituality involves a universal and broad outlook and celebrates a wider sense of responsibility. Even the sense of responsibility we celebrate towards environment is an aspect of spirituality. The students are motivated and encouraged to learn Sanskrit Shlokas, Vedic Mantras and lines from Sanskrit texts, etc. which not only make them academically and professionally excellent but also spiritually evolved and emotionally balanced. They are also encouraged to practice Yoga to attain good health, stable mind and happy life. The promotion of a deep sense of bonding among students, despite the diverse backgrounds, economic status and social strata they come from is also another aspect which consolidates the concept of unity in diversity. In the coming years, it is desired that 1) every Sanskrit student would be conversant and fluent in Simple Standard Sanskrit and answers would be written in Sanskrit 2) the integration of modern subjects like Science, Social Science, Economics, Mathematics, etc. with Sanskrit and vice versa would be complete 3) the research in Sanskrit would usher in a new era 4) a corpus of knowledge texts in all branches of knowledge either translated to Sanskrit or written in Sanskrit would be available 5) Sanskrit would find its rightful place in spheres other than Education as well.

### Mission

**Mission:** The Mission of the college is to attain enlightenment by moving from darkness to light. "Tamso Maa Jyotirgamya" is the watchword of the institution. It widens the mental horizon of the students, lightens up their minds with value-aided and career oriented education and ensures the fullest realization of their potential so that they are able to compete in the era of ever-growing thoughts and advanced technology.

**"Sanskrit through Sanskrit"** – Since the advent of English education in India from the British period, Sanskrit suffered because of the adoption of Grammar Translation Method of teaching as detailed elsewhere in the report giving rise to many aberrations, the net result of it all being that students of Sanskrit read more about Sanskrit, rather than the (Language) Sanskrit and mostly became ignorant and unable to communicate in Sanskrit. This can and needs to be changed by reverting to **udig** Sanskrit only in Sanskrit

Communication in Sanskrit is both means and end in Sanskrit vidyalayas, means as a teaching tool and end as a result. It is a well acknowledged fact that mastery over a language cannot be achieved unless a person learns it through that language since language learning is a skill. In particular, if it is traditional learning system, teaching "Sanskrit through Sanskrit" is inevitable to get the command over Sanskrit since the students have to study Shastras later through Sanskrit commentaries only. A change in the mind set of Sanskrit teachers as well as learners is very much required in this regard. Sanskrit should be the language of Sanskrit vidyalayas both formally and informally. Every student of traditional Sanskrit schools should blossom out with the fragrance of simple chaste Sanskrit. Every Sanskrit teacher should be a 'loud speaker' of Sanskrit as a language. Every traditional Sanskrit school should reverberate with Sanskrit speech.

**Teacher training** –1) Onetime special training in conversational Sanskrit, 2) Permanent centers for in-service training of Sanskrit teachers. The confidence of the Sanskrit teachers is to be built up for making Sanskrit as a language of classroom and staffroom. They have to be equipped with skills and tools to become better language teachers.

**Curriculum Revision:** Curriculum revision is very important task to be implemented for making Sanskrit learning more attractive and learner-friendly.

**Compulsory computer education to all Sanskrit students and teachers** –To cope with the present situation and learning environment, it is necessary that all the Sanskrit teachers and learners are introduced to computer applications. Though in some Sanskrit Universities this is made compulsory as part of their curriculum, it was not implemented as required nor it percolated down to Sanskrit Vidyalayas and Mahavidyalayas. A graded syllabus and a scheme for this purpose may be developed and implemented.

### **Veda vidya**

The committee is of the opinion that the primary level of Vedic and Sanskrit studies should be inspiring, motivating and joyful. With regard to Sanskrit Pathashalas/college it is desirable to give greater importance to the use of Sanskrit more and more in order to eventually evolve Sanskrit as the medium of instruction in the coming years. It is also desirable to include subjects of modern education into Vedic and Sanskrit Pathashalas/college in a balancing way. The course content of these Pathashalas/college should be designed to suit to the needs of the contemporary society and also for finding solutions to modern problems using ancient knowledge.

With regard to Veda Pathashalas/college it is felt that they need further standardization of recitation skills along with introduction of graded material of Sanskrit and modern subjects so that the students can ultimately reach the point of studying Veda bhashyas. Due emphasis may also be given for the study of Vikriti Patha of Vedas at an appropriate level. method of Vedic recitation.

The committee also recommends that those who impart Vedic knowledge to their kin at home which is traditionally called "Niyamadhyayanam" should also be supported. further the committee recommends that all the available Vedic knowledge system, oral and written should be made available on line for public access.

It is felt that the temple rituals and architecture are at the verge of extinction we should take up this task and offer regular courses on this traditional knowledge system and also organize short term training programs.

### **Measures for preservation, propagation and sustenance of Veda Vidya**

Vedas are the treasure house of knowledge and regarded as the foremost ancient literature available on Earth. They are transmitted till now through oral tradition under Guru Shishya system of fool proof and time tested method. It is our duty to preserve, conserve and develop the oral tradition of Vedic studies and for that various activities, such as support traditional Vedic Institutions and Scholars, provide fellowships, undertake production of audio/video tapes, etc. are needed. This system of oral transmission is to be protected and the tradition of intonation and recitation through the human agency must be preserved. Facilities should be provided for research to students with the background of Vedic knowledge to equip them with sufficient grounding in scientific and analytical methodology, so that scientific information contained in the Vedas, particularly in disciplines like Mathematics, Astronomy, Meteorology, Chemistry, Hydraulics, etc. could be linked with modern sciences and technology and a rapport

established between them and modern scholars. For this purpose, existing Veda Pathashalas and research institutions engaging in Vedic research will require to be supported.

Academicians and researchers should be encouraged to take up research in the knowledge contained in Vedic texts and Vedic literature from the earliest time of Vedic period to the present day, in areas of science, agriculture, technology, philosophy, yoga, education, poetics, grammar, linguistics and Vedic tradition with sufficient support in terms of physical infrastructure and man power.

**Call to Sanskrit Scholars** – The committee takes this opportunity to request the Sanskrit fraternity 1) to use Sanskrit language more and more not only in the class room but also in all other occasions and in all other communications 2) to avoid making emotional and unrealistic demands (that Sanskrit should be made compulsory! etc.) 3) to more proactively participate in the current national debates with inputs from Sanskrit literature 4) to widen the horizons of Sanskrit Education 4) to strategically and dedicatedly work for the concept “language through language and knowledge through application” (i.e. any language should be taught through that language and instead of simply talking about that language, provide knowledge by applying that language) 5) to make Sanskrit a vibrant flourishing language of classrooms, laboratories, playgrounds, corridors, staffrooms and one to one meetings.

(ii) **Institutional Development Plan (IDP):** Under the Institutional Development Plan for the academic session 2024–25, Nehru Government Sanskrit College Paghli has proposed important infrastructure improvements to strengthen campus safety and promote sustainable energy use. Firstly, the installation of a boundary wall around the college campus has been planned. This initiative aims to enhance security, prevent unauthorized entry, and create a safe academic environment for students and staff. Secondly, the college plans to install a solar power plant on the campus. The objective of this project is to promote the use of renewable energy, reduce electricity expenses, and contribute to environmental sustainability. These developments are part of the institution’s long-term strategy to improve campus infrastructure and support eco-friendly initiatives. The implementation of these projects will significantly contribute to the overall development and modernization of the college. The College proposes to build boundary wall around the campus for the safety reasons and a physical barrier that marks the perimeter of a college campus, separating it from surrounding areas.

भारत की संस्कृति बहुआयामी है जिसमें भारत का इतिहास, विलक्षण भूगोल और सिंधु घाटी की सभ्यता के दौरान बनी और आगे चलकर वैदिक युग में विकसित हुए, बौद्ध धर्म एवं स्वर्ण युग की शुरुआत और उसके अस्तमग्न के साथ फली-फूली हुई, अन्त में खुद की प्राचीन विरासत के रूप में शामिल हुई हैं। भारत के शीर्ष में विराजमान विशाल हिमालय पर्वत है। हिमालय के महत्त्व और रहस्यों की तरफ सदैव सभार के लोगों का ध्यान आकर्षित हुआ है। हिमालय पर्वत कश्मीर घाटी से लेकर भंगार तक फैला हुआ है। हिमालय की उच्च पर्वत चोटियों पर बारह महीने वर्षा जमी रहती है। विशाल हिमालय के आंचल में विविध प्राचीन संस्कृतियों के पीछाएक अनेक पर्वतीय राज्य विद्यमान हैं। इन्हीं पर्वतीय राज्य में से एक हिमालय के पश्चिमी छोर में बसा हिमाचल प्रदेश है। हिमाचल के दक्षिण भाग में स्थित सिरमौर जनपद जिसके पाँच पश्चिमी यमुना नदी जिसे पुराणों में कालिंदी के नाम से भी जाना जाता था अवस्थित है। महाभारत में सिरमौर कलिंद राज्य का एक भाग था। इसके मध्य में रेणुका तीर्थ और शीर्ष में चूड़धार सदाशिव निवास मुकुट रूप में विराजमान है। हरियाणा की तरफ सिरमौर की रक्षा करती माता बालासुन्दरी और उत्तराखण्ड की तरफ गुरु गोविन्द कि पावन नगरी पाँवटा साहित्य विद्यमान है। भौगोलिक दृष्टि से सिरमौर जनपद को गिरि नदी दो समान में बाँटती है। दक्षिण

## आधुनिक हिन्दी कथा साहित्य और किन्नर विमर्श

साहित्य को जन जीवन का व्याख्यान या दर्पण माना जाता है। कथाएँ आचार पर साहित्य रचना होती है। समाज अर्थ प्रधान है तो साहित्य व्याज प्रधान है। जैसे मंदिर या अन्य धार्मिक स्थान पर अर्थ पद प्रधानता को त्याग कर कवी का लोग समान भाव बैठते हैं, वैसे ही कृति के लिए सब पाठक समान हैं। देवता की सोमाओं के पार भी मानव मात्र के लिए साहित्य समान है। मानव ने जिस वि से इस धरती पर अपनी आँख खोली उसने अपने चारों ओर एक अपरिचित बना देखा उसका विस्मय रुदन बनकर फूट पड़ा। यह बाणी ही साहित्य का पहला कथा। मानव मन की जिज्ञासा, अपने चारों ओर के युग को जानने की अभिलाषा उन इन सबको व्यक्त करना साहित्य का प्रथम प्रयास बना। 'साहित्य भाषा साहित्य कहते या 'हितेन सहितं साहित्यम्' यही साहित्य है। मानव ने अनादि काल से ही अब तक जो अनुभव प्राप्त किए उनका सर्वश्रेष्ठ संगृहित रूप साहित्य है। साहित्य ने ही मानव को मानवता का वास्तविक रूप दिखलाया है। साहित्य जन-जीवन का ही मुखरित रूप है तथा जन-जीवन के विपट से विकसित महामय सुगम है। साहित्य की दृष्टि से वर्तमान युग बहुकेंद्रीयता विमर्शों का समय है। तब विमर्श, दलित विमर्श, युवा विमर्श अल्पसंख्यक, वृद्ध और आदिवासी समुदाय तथा किन्नर समाज आदि सभी विषय साहित्य विमर्श के मुख्य केंद्र बन चुके हैं। हिन्दी साहित्य के वर्तमान दौर में किन्नर समाज विमर्श का एक प्रमुख विषय बन गया है। किन्नर समुदाय समाज का यह वर्ग है जो शारीरिक रूप या चीनीक अंगों के विशेष संदर्भ में अपूर्ण माना जाता है। किन्नर की बाहरी शारीरिक बनावट का उन्हें अंतस्करण के भावों से तालमेल नहीं होता है। अन्य शब्दों में कहें तो पुरुष देह में नारी के गुण होते हैं और नारी देह में पुरुष गुण होते हैं अर्थात् स्त्री देह में पुरुषीक मांसलता तथा पुरुष देह में स्त्रियोचित जैसी मांसलता होती है। वास्तव में एक

साहित्य जीवन की संचित अनुभूतियों का प्रतिबिम्ब होता है। कविता, काली, उपन्यास, नाटक, निबंध, संस्मरण इत्यादि के माध्यम से मनुष्य अपने आंतरिक भावनाओं को अभिव्यक्त करता है। समाज में घटने वाली घटनाओं से रचनाकार आंदोलित होता है और शब्दों के माध्यम से उसे व्यक्त कर वास्तव समाज को दे देता है। सहृदय पाठक इन भावनाओं के साथ जुड़ा हुआ महसूस करता है। कहानी गद्य साहित्य की प्रमुख विधा है। कहानी को खासियत यह है कि इसमें मनुष्य के पूरे जीवन का लेखा लेख प्रस्तुत किया जा सकता है। मुंशी प्रचंड के अनुसार "गल्प (कहानी) एक ऐसे गद्य रचना है जो किसी अंग या मनोभाव को प्रदर्शित करती है कहानी के विभिन्न चरित्र कहानी कि शैली और कथानक उसी एक मनोभाव को पूरा करते हैं।" कहानी का कथानक संक्षिप्त होते हुए भी व्यक्तिक जीवन के सभी पहलुओं का ऐसा सूक्ष्म विवेचन प्रस्तुत करता है जिसमें जीवन को कई घटनाओं का चित्रांकन एक साथ हो सकता है। हमारे आप पास का संसार तथा उस संसार के सर्वोत्तम कथनों और किताबों की सामूहिकता का नाम समाज है। समाज के संदर्भ में यदि भारतीय समाज को देखा जाये तो यह मात्र कामिक-दैनिक समाज नहीं बल्कि आंतरिक समाज है, पारस्परिक सहयोग, विविध रीतियों-कुरीतियों, परंपराओं तथा मान्यताओं का समाज है जिसका ध्येय संसार में संस्कार का संवर्धन करना है। समाज उस बोध या चेतना को कहते हैं, जिसका सर्वोत्तम उपयोग स्वीकार हो सकता है और जिसकी विषय वस्तु सत्ता
